

NINEVEH ACADEMIC CHAIR

SECOND INTERNATIONAL CONGRESS

Assyrian Language, History and Identity

11-13 SEPTEMBER 2023

Director: Prof. Dr. Efrem YILDIZ

University of Salamanca

At this second international Congress the experts will address three main themes: Assyrian language, history and Identity. The aim of this Congress is to continue working in the scientific field that the Assyrian people need most: Education in its linguistic, historical aspects and Identity. The Nineveh Chair has these three areas as the main pillars of its research initiative. Invited experts in the three mentioned fields are chosen to discuss and present the topics covered in the Programme. Participants will have the opportunity to attend lectures and panel discussions that will shed much light on the three main topics of the conference. We aim to provide an innovative insight into historical, linguistic aspects and Identity of the Assyrian people. The venue for the congress is the University of Salamanca, which created the Nineveh Academic Chair to promote the study of the Assyrian linguistic, historical and cultural legacy. Below, we provide you with detailed information about the Programme of the Congress.
